Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been on a compounded thyroid
for over 20 years. It is vital for my
health, and life. At 75 years of
age, I depend on this medication
and don't want a synthetic sub-
stitute. Madison Pharmacy ships it
to me in Arizona. Don't limit my access
to this vital drug.
